

## Ministering to Teenagers:

Teenagers are more informative than we were when we were young. They also have had a lot of experiences and influences already in life. There are government agendas to take them away from God and teach them humanism. Explain to them what it means to be separate from the world. There is an onslaught of attacks on children to steal God's inheritance and our inheritance. Some of the things to talk to teenagers about:

- Music (heavy metal music, new age mood music)
- Games
- Roll Play Games – Dungeon and Dragons
- Cards (Pokemon – poker gods promote belief that man can become like God, Digimon, Yugio, Magic, The Gathering, tarot cards)
- Video games - Some of the worst ones are – Doom, Dante's Inferno, Shiu Megami Tensei: Nocturne, Tecmo's Deception, Guitar Hero III, Deep Down, Devil May Cry series, The Ninja Kids, The Binding of Issac, Castlevania: Lord of Shadow, Diablo, Requeim: Avenging Angel, Rune Quest.
- Board games (Mah-Jhonng, Jumanji, Dungeons and Dragons games, (and other role or fantasy games,) Ouija boards, (that one is a HUGE problem item for believers to have!)
- Books - Twilight series books and other vampire books, Harry Potter books, book of Mormon and their literature, satanic bible, Morals and Dogma book by Albert Pike, other Masonic or illuminati texts, books and tapes on any false Christian doctrines, Jehovah's Witness literature, Taoist literature, literature from cults, any books that combine biblical Christianity with modern-day psychiatry, magic books, new age occult books, witchcraft books, and the writings of C. S. Lewis.
- Same Sex issues using unisex dressing
- Earth – God as Mother of the Earth and self-love
- Sex outside of marriage
- Posters: Rock Groups, etc.
- Toys - He-man, She-ra, Smurfs, care bears, cabbage patch dolls, the joker character from Batman, teenage mutant ninja turtles, dolls – especially cabbage patch dolls, troll dolls, some Barbie dolls, Brat dolls, toy voodoo dolls, and puppets, big bird from the Sesame Street program (other characters may be good to avoid from that show as well,) Teletubbies, gremlins, rainbow brite, sprites, elves, punk rock dolls, go bots.
- Tattoos on their bodies especially with occult symbols that attach demonic spirits to them. Some people get demonized by tattoos
- Drinking and Drugs - Hard liquor, (they don't call it 'spirits' for nothing!.) marijuana, heroin, cocaine, peyote, other illegal drugs, some prescription drugs such as pain killers and drugs taken for depression or mood disorders, or any other man-made poison.

(Again, check with God. For us we found that some antibiotics such as cephalexin and narcotic painkillers such as codeine were cursed and giving us problems.)

- Occultism is a partial list pushed on your children: color therapy, sadism, sorcery, immorality, hypnotism, visualization, rhythmic breathing, imagery, communication with the dead, and meditations.
- TV Shows and types of movies such as witchcraft, werewolves, Dracula movies, paranormal, science fi, violent movies, etc. - Mystic Knights & their action figures, Inuyasha, Avatar, the new TV show 'Coven', The Lion the witch and the wardrobe movie, The Passion of the Christ, I Am Legend, (that movie was a HUGE problem for our family! It literally filled our whole house with demons.) Carrie, Harry Potter films, Avatar, vampire movies, Lord of the Rings trilogy, The Blair Witch Project, (and other witchcraft movies and TV shows,) The Evil Dead, The Exorcist, movies about the dead, demons, Satan, or hell, Omen, Stephen King's It, Fallen, Rosemary's Baby, The Unborn, The Convent, The Rite, The Gate, The Ninth Gate, Paranormal Activity, Pumpkin head, Case 39, Amityville Horror, Silent Hill, Sinister, Child's Play, The Exorcism of Emily Rose, Splice, other horror movies, and any program or movie that positively features a false religion in it. Also, be cautious where you go while surfing the web. The computer screen can become a portal for evil to go through, depending on what is being viewed.
- Our family has had problems with pictures of demons, aliens, false gods, reading false doctrine, and any of the symbols listed here. We have also had trouble with the face photos of certain criminals, as well as facial photos of those who practice Santeria. Often as a believer, you can sense if what you are viewing is o.k. or not. You will have a sense of unease, irritability, dirt, disgust, or even outright fear after seeing what you are seeing. (When I view a website with a picture of a demon or alien on it, I get a sudden shock of fear go right through my chest.) If this is sensed, stop, close the offending pictures, ask for forgiveness for looking upon it, and then cast out any demons that may have gone through the doorway, and then close the doorway in the name of Jesus. (For an example of this, see: <https://dreamsofdunamis.wordpress.com/2013/07/07/a-demon-came-through-the-computer-screen/> )
- Have the parents understand the dialog about communication and teach the child or teenager to report things to the parent that is not appropriate such as safe sex, sexual education, same-sex films, etc.
- Teach them about not doing vows and oaths. Some video games have teenagers make vows, oaths, and pledges such as pokemon, digimon, etc. I worked with a man who did digimon videos and is diagnosed with schizophrenia he has a spirit guide called "digimon that told him to kill his mom.

## **THE PLAN Of The New Age Against Teenagers**

- The Plan promotes New Age movement and religion, rituals, idolatry, reincarnation, fantasy books and games, white magic, black magic, sorcery, shamanism, polytheism, **occult symbols, objects and idols**, psychology, UFO's and extra-terrestrials, witchcraft and Satan worship, astrology and horoscope, tarot card reading, ouija boards,

palm readings, firewalking, seances, mediums, spirit channeling, holistic medicine, physical tests and sports, and guided imagery and visualization.

- Basically, these are occultic rituals, beliefs, practices, artifacts, and objects including butchery, violence, and sex. Shows are full of sexual license, magic, sorcery, and Satanic violence and evil. Satan and the New Age Plan are after the children, especially children of Christian parents. They want to destroy Christianity from humanity.

There is the shocking assault and all-out spiritual war being waged currently against the kids by Satan's demonic legions, his New Age leadership, and their millions of disciples. New Age occultism is sweeping across America and the globe, snatching up innocent children in its rotten net. Satan's program of ongoing, systematic child abuse knows no bounds. Images, concepts, and symbols of the New Age, and of sorcery and the occult now permeate kids' TV programs, cartoons, and movies. Unsuspecting children are constantly being exploited and abused by willful teachers and school administrators bent on poisoning captive young minds with occult, New Age doctrines and rituals.

The children of the future will serve One World (Planetary Government) and live in a One World Culture. Children are to be taught that all religions--Christianity, Witchcraft, Hinduism, Buddhism, Islam, Judaism, Paganism, etc.--are equally worthwhile and that it doesn't matter in which god one believes. **A New Age World Religion must be established without Jesus Christ as Lord and Savior.**
