

ROSICRUCIANISM PRAYER OF RENUNCIATION

This is very familiar to the Freemasonry Prayer

I declare in the Name of Jesus Christ of Nazareth, that I am born of God and that evil has no right over me.

As a child of God, I repent and renounce my involvement in Rosicrucianism that is against you Lord. I ask you, in the name of Jesus Christ of Nazareth, to cleanse me of all my sins and unrighteousness by the Blood of Jesus Christ, my Lord, and Savior.

I declare and decree I belong to the Holy Spirit, spirit, soul, and body.

I submit myself to God and resist the devil, and I know that he must flee from me according to *James 4:7*.

I confess in the Name of Jesus Christ that I am guilty of the sin of idolatry through adherence to the doctrine of Rosicrucianism. I rebuke and bind all evil spirits, which are associated with the doctrine of Rosicrucianism, which has bound my family and me in the Name of Jesus Christ of Nazareth.

I repent, renounce, and reject, and ask you Lord to break the **ancient and mystical Rosicrucian Order** (AMORC) and all spiritual symbols thereof namely the **red rose** on the cross and the cross itself in the Name of Jesus Christ of Nazareth. I declare that the Cross of Golgotha, the Cross of Jesus Christ of Nazareth is the Only True cross.

I repent, renounce, and reject, and ask you, Lord, to break the **mystical roots** of Rosicrucianism, including the **philosophies, myths and fables, and "religions" of ancient civilizations**.

I repent, renounce, and reject, and ask you Lord to break the manifesto of Rosicrucianism as well as the "Monas Hieroglyphica" of **John Dee** and the mystic methods and aims of the order of Rosicrucianism, namely:

1. The entry into the mystical path towards the inner man (inner journey).
2. The control of one's own destiny.
3. The development of one's own philosophy.
4. To exercise control over God through control of oneself.
5. The study and practical application of natural and spiritual laws.
6. The teaching of the evolution of man.
7. The goal of universal harmony through creative, cosmic forces for the attainment of health, happiness, and peace.
8. The exploration of the inner self and the discovery of the universal laws that govern all human actions.
9. Allowing the answers to questions to be revealed within oneself.
10. To successfully overcome challenges in life by the power of oneself.
11. Discovering the voice from within.

12. The foundation of Rosicrucianism, namely the collective wisdom and current knowledge of philosophers and scientists, includes metaphysics, mysticism, philosophy, psychology, parapsychology, and science.
13. The unification of the cosmic poles of male and female through Horus (the hawk) of ancient Egypt.
14. All allegiance to Farao Akhnaton - the traditional "Grand Master" of the Ancient Egyptian Brotherhood.

2. To walk upon the path of the mystical - of false peace and harmony with self and all of creation.
3. The exercises and experiments are designed to discipline the 5 physical senses and the awakening of the deeper psychic levels.
4. The unification of spiritual and mental powers which combine will and imagination, which manifest in false psychic healing processes.
5. Every level of the spirit to which I became tied through my unity with the cosmic powers (and universe).

In the Name of Jesus Christ of Nazareth, I repent, renounce, and reject, and ask you Lord to break my agreement and submission to the **laws of nature** (namely Harmonium) and in accordance to the Cosmic Powers and states of profound peace which allowed my consciousness to flow into deeper levels of Cosmic Consciousness whose destination is the revealing of self.

This is manifested as Divine Intelligence. Symbolized by Candle Illumination, which symbolizes the greater light that permeates the universe and the practicing of listening to and recognizing and responding to inner guidance ("still small voice within") - not the voice of the Holy Spirit. In the Name of Jesus Christ of Nazareth, I repent, renounce, and reject, and ask you Lord to break and deny the benefits of the so-called "Inner Enlightenment", namely:
